

KHACHI

For immediate Release

Biography of Ramsin Khachi,

An established “Designer / Builder”, popular industry expert and television personality, who dispenses incredible design ideas that transform into sophisticated residential & commercial spaces.

For over 20 years, his firm has become renowned for generating creative solutions to problems facing the modern-day client.

Experience has brought to fruition a once small (one-man) construction company into a full service Design / Build firm. Khachi ensures that inventiveness; sensibility and timelessness are the foundation to his design philosophy and ensures his team of professionals stands strongly by it. With this, Khachi continues to experience continued success and establish long-standing relationships.

Khachi Design Group Ltd specializes in commercial and residential design. From initial concepts through to completion, it offers clients an inclusive Design / Build service. Khachi Interiors Inc, an inclusive professional decorating service operates independently or in tandem with the construction team. Combining innovative designs, extensive knowledge of materials, and passion, allows the design team to exceed their client’s expectations, while continually striving to create the highest in quality and originality.

A definite leader in his field, Ramsin has an unparalleled integrity for quality and knowledge of construction that

has made him an asset to the design and construction communities. He frequently lectures at public forums and to professional organizations such as the Ontario Home Builders and Canadian Home Builders Associations to share his insight on enhancing the construction and housing industries.

Ramsin is a regular guest expert sharing his wisdom in Design Construction and Décor on the Canadian national program the **Marilyn Denis Show, seen on CTV**. Along with his many other public appearances, Ramsin has also been seen on **CityTv’s, “CityLine”** as their in house design expert for over a decade. Known for his vivacious personality and distinctive style, he educates the viewers on design trends, innovative products & the latest in techie gadgets.

As an adoring family man he spends his free time with his wife and two kids. A true believer in giving back to his community, he contributes to several different charities, including the Make-A-Wish Foundation for which he has designed room makeovers for children struggling with life threatening illnesses.
